CENTURY CLUB 2007-2008

The American Society of Highway Engineers (ASHE) has a vision "To provide leadership and innovation to the highway industry, ensuring mobility for the future." In the Tidewater area of Virginia this charge has been taken up by the Greater Hampton Roads Section. To accomplish this mission we have implemented many programs to promote the field of Transportation Engineering. We also try and promote fellowship in the industry. But we cannot do this without the help of the generous support of our corporate sponsors, through what we call the "Century Club."

With an annual contribution of \$100 your firm can become a corporate sponsor and member of the Century Club. The contribution helps to fund the various activities of the Section including the scholarship fund. Century Club members are recognized in the Section newsletter, at Section membership meetings, and at various special events sponsored by the organization. In addition, as a Century Club member your organization will be directly linked to our new website. *ASHE is a 501(c) non-profit organization and your contribution is 100% tax deductible (Tax ID Number 23-7044143).*

To learn more about the American Society of Highway Engineers, visit the ASHE web site at www.highwayengineers.org or contact any of the officers listed on the left for more information. We also welcome you to visit the new website for the Greater Hampton Roads Section at www.ashe-ghr.org.

To join the Century Club for 2007-2008, please send your check for \$100.00, made payable to **ASHE – Greater Hampton Roads Section**, along with this form. *Unfortunately, our Section is not set up to issue receipts. Please keep a copy of this memo to serve as your receipt if necessary.* Please include "Century Club" on the memo line of the check.
